

Dear Wee Warrior Parents

We are working hard on improving the current curriculum that we offer our youngest members and hope to have an updated version of this on our App very soon !! This way everyone will be aware of how their child will progress and the requirements for each level.

We are often asked how you can your child at home so we aim to have videos uploaded to the App in the next month or so, so that you can see what it is they are working on.

As part of the improved curriculum we have decided, with immediate effect, to introduce 2 new belt ranks to the grading structure.

White Belt

Yellow Tab

Blue Tab

Red Tab

**** NEW YELLOW STRIPE BELT ****

Blue Tab

Red Tab

Brown Tab

**** NEW BLUE STRIPE BELT ****

Red Tab

Brown Tab

BLUE BELT

I know that some of the kids will be upset that they are not going straight to Yellow Belt at the next grading but please understand this is all about improving quality and enjoyment in their martial arts journey. We will explain to them in classes about this new change.

This age group are not ready to progress as fast as the older kids but they do need to be rewarded for their hardwork hence the extra belts. Following this new method we will be able to maintain their passion of Kuk Sool Won and see better results by not putting too much unrealistic pressure on them.

Of course every child is different and there will be exceptions. In those cases we are likely to move those individuals up to the older class and would speak to parents individually about this.

We will also shortly be launching a new badge system where they can earn badges for various skills - More on this in the coming weeks! We are excited to launch this and am sure the kids will love it !!

Any questions on this new progress structure please let me know.

Best Regards
SBN Craig
